

3 QUESTIONS THAT STOP A CLIENT SPIRAL

Use in the first 60 seconds of crisis

1. "What do you need to feel safe RIGHT NOW?"
→ Shifts brain from panic to present. You can't fix the past in crisis.
2. "What is ONE small thing in this room you can control?"
→ Rebuilds agency. Look for: breathing, hands, feet on floor.
3. "Who needs to know you're okay today?"
→ Connects to lifeline. Breaks isolation. Creates action.

💜 Hannah's Note:

I used Question #2 in Nairobi with a teen who hadn't spoken in 3 days.
She pointed to her water bottle. That was our first breakthrough.
